How can I Avoid Paying Interest Charges? If you pay your New Balance in full by the due date **each month**, we will not charge interest on new transactions that post to the purchase balance. If you have been paying in full **without** Interest Charges, but fail to pay your next New Balance in full, we will charge interest on the unpaid balance. Interest Charges on Cash Advances and Special Transfers start on the transaction date. Promotional offers may allow you to pay less than the total New Balance and avoid paying interest on new transactions that post to your purchase balance. See the front of your statement for additional information.

How is the Interest Charge Determined? Interest Charges accrue from the date of the transaction, date the transaction is processed or the first day of the Billing Cycle. Interest accrues daily on every unpaid amount until it is paid in full. Interest accrued during a Billing Cycle posts to your account at the end of the Billing cycle and appears on your next statement. You may owe Interest Charges even if you pay the entire New Balance one month, but did not do so the prior month. Once you start accruing Interest Charges, you generally must pay your New Balance in full two consecutive Billing Cycles before Interest Charges stop being posted to your Statement. Interest Charges are added to the corresponding segment of your account.

Do you assess a Minimum Interest Charge? We may assess a minimum Interest Charge of \$0.00 for each Billing Cycle if your account is subject to an Interest Charge.

How do you Calculate the Interest Charge? We use a method called Average Daily Balance (including new transactions).

1. First, for each segment we take the beginning balance each day and add in new transactions and the periodic Interest Charge on the previous day's balance. Then we subtract any payments and credits for that segment as of that day. The result is the daily balance for each segment. However, if your previous statement balance was zero or a credit amount, new transactions which post to your purchase segment are not added to the daily balance.

2. Next, for each segment, we add the daily balances together and divide the sum by the number of days in the Billing Cycle. The result is the Average Daily Balance for each segment.

3. At the end of each Billing Cycle, we multiply your Average Daily Balance for each segment by the daily periodic rate (APR divided by 365) for that segment, and then we multiply the result by the number of days in the Billing Cycle. We add the Interest Charges for all segments together. The result is your total Interest Charge for the Billing Cycle.

The Average Daily Balance is referred to as the Balance Subject to Interest Rate in the Interest Charge Calculation section of this Statement.

NOTE: Due to rounding or a minimum Interest Charge, this calculation may vary slightly from the Interest Charge actually assessed.

How can I Avoid Membership Fees? If a Renewal Notice is printed on this statement, you may avoid paying an annual membership Fee by contacting Customer Service fewer than 40 days after the annual membership Fee was assessed to request that we close your account. To avoid paying a monthly membership Fee, close your account and we will stop assessing your monthly membership Fee.

How can I Close My Account? You can contact Customer Service anytime to request that we close your account.

How do you Process Payments? When you make a payment, you authorize us to initiate an ACH or electronic payment that will be debited from your bank account or other related account. When you provide a check or check information to make a payment, you authorize us to use information from the check to make a one-time ACH or other electronic transfer from your bank account. We may also process it as a check transaction. Funds may be withdrawn from your bank account as soon as the same day we process your payment.

How do you Apply My Payment? We generally apply payments up to your Minimum Payment first to the balance with the lowest APR (including 0% APR), and then to balances with higher APRs. We apply any part of your payment exceeding your Minimum Payment to the balance with the highest APR, and then to balances with lower APRs.

Billing Rights Summary (Does not Apply to Small Business Accounts)

What To Do If You Think You Find A Mistake On Your Statement: If you think there is an error on your statement, write to us at:
P.O. Box 30285, Salt Lake City, UT 84130-0285.

In your letter, give us the following information:

- Account information: Your name and account number.
- Dollar amount: The dollar amount of the suspected error.
- Description of Problem: If you think there is an error on your bill, describe what you believe is wrong and why you believe it is a mistake. You must contact us within 60 days after the error appeared on your statement. You must notify us of any potential errors in writing. You may call us or notify us electronically, but if you do we are not required to investigate any potential errors and you may have to pay the amount in question. We will notify you in writing within 30 days of our receipt of your letter. While we investigate whether or not there has been an error, the following are true:
 - We cannot try to collect the amount in question, or report you as delinquent on that amount. The charge in question may remain on your statement, and we may continue to charge you interest on that amount. But, if we determine that we made a mistake, you will not have to pay the amount in question or any interest or other fees related to that amount.
 - While you do not have to pay the amount in question until we send you a notice about the outcome of our investigation, you are responsible for the remainder of your balance.
 - We can apply any unpaid amount against your credit limit. Within 90 days of our receipt of your letter, we will send you a written notice explaining either that we corrected the error (to appear on your next statement) or the reasons we believe the bill is correct.

Your Rights If You Are Dissatisfied With Your Purchase: If you are dissatisfied with the goods or services that you have purchased with your credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase. To use this right, the following must be true:

- 1) You must have used your credit card for the purchase. Purchases made with cash advances from an ATM or with a check that accesses your credit card account do not qualify; and
- 2) You must not yet have fully paid for the purchase.

If all of the criteria above are met and you are still dissatisfied with the purchase, contact us in writing at: P.O. Box 30285, Salt Lake City, UT 84130-0285. While we investigate, the same rules apply to the disputed amount as discussed above. After we finish our investigation, we will tell you our decision. At that point, if we think you owe an amount and you do not pay we may report you as delinquent.

I adore RHPL and the outstanding services you provide.

If EVER an organization such as Moms For Liberty, or any similar group, attempts to influence you based on their peculiar political or religious beliefs, or attempts to hold a meeting at the library, please inform me so that I might help organize a peaceful protest.

Thank you

Dear Dr. Tilove,

Thank you for sharing your opinion about the services at the Rochester Hills Public Library (RHPL). I appreciate that you describe our work as outstanding.

RHPL supports intellectual freedom and has endorsed the American Library Association's Library Bill of Rights and Freedom to Read/View statements, which in turn influences various policies at the library. These same policies uphold the right of established civic, nonprofit, or educational groups (even potentially controversial groups like Moms for Liberty) to meet at the library, but also permits citizens like yourself to assemble a protest. However, rather than pre-planning for a peaceful protest, I encourage you to join me and attend the [League of Women Voters Forum on September 20th](#) at the library where you can learn more about the candidates running for library board in 2023. We encourage you to become an informed voter for the local election on November 7th.

Your message will be shared with the RHPL Board of Trustees at their next meeting.

Sincerely,

Juliane

Library Director's Report

ROCHESTER HILLS
PUBLIC LIBRARY

Director's Report

September 11, 2023

1. Capital Projects Update

I met with three construction firms for informal interviews and high-level discussions on lobby renovations planned for 2024. The preferred vendor list for construction management I developed is based one or more of the following: past experience working with RHPL, a reputable list of library projects, participation as an exhibitor at conferences, or high recommendations from trusted colleagues in the region. Each firm has conducted a walk-through of the space and will return an estimate of cost for the current scope of the program. I have also solicited assistance from TMP Architects to redesign restrooms on the first floor in order to modernize and meet the needs of a contemporary public library. I plan to present a more detailed update in October regarding the feasibility of capital projects in 2024.

2. Bookmobile satisfaction survey

RHPL will send a satisfaction survey out to bookmobile patrons (those who have used either the mini-bookmobile or the retired full-size bookmobile in the past 12 months) on September 18th. The survey will be online and in printed form. The goal of the survey is to assess the strengths and weaknesses of offering a smaller bookmobile for mobile library service.

3. "Wonder Media" Advisory Group

The Rochester Hills Public Library was selected to be a member of an advisory group for a pilot project sponsored by the Library of Michigan and Western Michigan University. The group is pursuing IMLS grant funding to develop programming around media literacy for young people. The inspiration behind this project comes from the "Wonder Media: Ask the Questions!" exhibit at the Kalamazoo Valley Museum designed by Western Michigan University's School of Communication's Presidential Innovation Professor Sue Ellen Christian. The content of "Wonder Media" has been designed to teach critical lessons in media and news literacy to youths ages 10+ through gamification, dynamic exhibitions and participatory digital tools. Recognizing the potential of transforming "Wonder Media" concepts into interactive library programming, WMU faculty and youth services experts at the Library of Michigan have invited our Teen Librarian, Matt Kessler, to attend a 2-day retreat this September to brainstorm ways to bring this to libraries across the state.

4. IT Conference Updates

Derek Brown, Director of IT, routinely attends technology and security conferences in order to stay abreast of best practices in IT management. These conferences are not specific to the library field, and instead focus on IT issues within the larger business community. Most recently Derek attended the Defcon security conference and the SpiceWorld, trends in IT conference, in 2023. The Director of IT prepares a comprehensive report on sessions attended and anticipated impact on RHPL at the conclusion of each conference.

5. Benefits for Staff

The RHPL board approved a budget in 2024 that includes a line item for an additional staff benefit. This was a hold-over from when the library offered an Employee Assistance Plan to

employees, but after completing a staff satisfaction survey in 2022 discontinued it (mostly due to low use/demand). Recently, I attended a webinar on benefits in the workplace that appeal to a diverse, multi-generational workforce. One statistic shared by presenters is that by 2025, almost 75% of the workforce will be part of the Millennial or Gen Z generations and that satisfaction with benefits helps retain talent (as opposed to necessarily attracting new). Top trends for employee benefits included: flexible paid time off, assistance with paying off student loans, affordable and quality healthcare benefits, voluntary/value-added benefits, financial wellness, and flexible working conditions. RHPL excels in many of these categories, but I am exploring an optional benefit that provides legal assistance on a wide variety of legal matters to employees and their partners/dependents for a small premium.

6. Out of the Office

I will be out of the library attending the Michigan Library Association conference October 18, 2023 – October 20, 2023 in Kalamazoo, MI. Derek Brown will serve as the staff member in charge those days.

Fund Balance Policy

Purpose

The Library recognizes that the maintenance of a fund balance is essential to the preservation of the financial health of the Library. This policy provides guidance concerning the desired level of fund balance maintained by the Library to manage financial risk that can occur from unforeseen cash flow shortages, unanticipated expenditures, and provide a minimum level of cash flow reserves for day-to-day operations. This policy complies with Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Definitions.

Regulations

1. The library shall maintain a fund balance in order to:
 - A. Provide sufficient cash flow for daily financial needs.
 - B. Offset significant economic downturns or temporary revenue shortfalls.
 - C. Provide funds for unforeseen expenditures related to emergencies.
 - D. Accumulate sufficient funds for major future capital improvements.
2. The following definitions shall be used in reporting activity in governmental funds. The library may or may not report all fund types in any given reporting period, based on actual circumstances and activity.
 - A. General Fund - for all financial resources not accounted for and reported in another fund.
 - B. Special Revenue Fund - for proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital projects.
 - C. Debt Service Fund - for all financial resources restricted, committed or assigned to expenditure for principal and interest.
 - D. Capital Projects/Bond Fund - for all financial resources restricted, committed or assigned to expenditure for the acquisition or construction of capital assets.
 - E. Permanent Fund - for resources restricted to the extent that only earnings, and not principal, may be used for purposes that support library purposes.
3. The fund balance will be reported in governmental funds under the following categories using the definitions provided by GASB Statement No. 54:
 - A. Non-spendable Fund Balance: resources that cannot be used to liquidate current liabilities because the related assets are either not in spendable form (e.g. prepaids, inventory, and long-term receivables) or because the

Fund Balance Policy

- related assets are required to be maintained intact (e.g. the corpus of an endowment).
- B. Restricted Fund Balance: amount that is restricted to use for a specific purpose by externally imposed requirement or enable legislation.
 - C. Committed Fund Balance: amount that is designated to be used for specific purposes as determined by formal action of the library board. Such action must occur prior to the end of the fiscal year for which such amounts are being reported.
 - D. Assigned Fund Balance: in the General Fund represents amounts that are intended to be used for specific purposes as designated by the library director and which may be subject to final approval by the library board.
 - E. Unrestricted Fund Balance: all residual amounts, after the assignment of all the foregoing categories, in the General Fund.
4. As required by GASB 54, the library board establishes that when multiple classifications are available and appropriate for particular expenditures, fund balance will be “spent” first from the most restrictive category working toward unassigned fund balance. Relative “restrictiveness” of fund balance shall proceed from most to least in order of the five classifications listed in this policy, from A to E above.
 5. The library will strive to maintain an Unrestricted Fund Balance that will be no less than 15% of the General Fund expenditures, except in the case of emergency or financial distress.
 6. The Library Director shall present the Library Board with a report on the fund balance in conjunction with the annual budget recommendation and in conjunction with the annual financial audit. Furthermore, at regular Board meetings, library staff will present a financial statement that shows fluctuations in fund balance during the fiscal year.
